2. Mr. [REDACTED] discussed content of the new course, Intelligence Research (Maps) with the Acting Chief, Intelligence and the Executive Officer, OCR. It was explained that the many exercises and two major class problems incorporated in the course are being designed around specific agency activities requiring the use of maps. OCR/GR, ORR/G and DDP/War Plans are cooperating actively in this respect.

25X1

25X1

Mr. [REDACTED] and other members of the A&E Staff have been consulted and another meeting will be held with Mr. [REDACTED] to discuss evaluation of student performance in the class problems.

During the past week training films for possible inclusion in the course were reviewed. Inquiries are under way through Pentagon sources regarding training aids and materials used at the Service Schools and SAC for comparison with those available to OTR. The Visual Aids Section, OTR is preparing maps, charts, and diagrammatic material for wall display and will assist in assembling individual student kits.

The course starting date has been postponed from 21 January to 28 January to avoid competing with anticipated Inauguration Day celebrations.
